SELF-DEFENSE WORKSHOP FOR REALTORS

Everyone is aware of the hazards of being a REALTOR and meeting people you do not know at open houses and showing property to folks you sometimes know little about. Every year we hear about tragedy in our industry where violence has taken place against unbeknownst real estate professionals.

It is time to take charge of your safety and learn some techniques that can help you stay safe while working in the field. Join us as Master Instructor, Scott Shephard discusses prevention, the best self defense and REALTOR Specific considerations.

He will conduct a guided group discussion, demonstrate some life saving moves and then you will have a chance to team up and practice with your classmates.

We will end with an informative Q &A and then send you off to a safer day!

Master Instructor, Scott Shephard of Fundamental Martial Arts (FMA) has 32 years martial arts experience. He has trained in seven forms of martial arts and was inducted into the Universal Martial Arts Hall of Fame in 2004. He is an instructor in three different forms of martial arts.
